Principal's Phoenix Flyers:

Hello RAHS Families and Community

A shout out to our awesome robotics team, **The Phoenix Force**. The students had a very successful outreach event last Wednesday at the Museum of Flight Makerspace Night. They demonstrated the robot and inspired the next generation of engineers by helping nearly 100 young kids build Lego Mindstorm robots. I am proud of the outreach our students participate in, not only in robotics but throughout the school.

Embry-Riddle Aeronautical University has proudly announced that Prescott Campus student and Air Force Reserve Officer Training Corps (AFROTC) Detachment 028 cadet and **RAHS Grad Austin Fischer** is the recipient of the 2018 Air Force Association (AFA) "Outstanding ROTC Cadet of the Year" award. Austin received this honor at the AFA Air, Space, and Cyberspace Conference in Washington, D.C. Austin was chosen for the award from the more than 13,000 college AFROTC cadets nationwide. All of us at RAHS are so proud of you Austin!

Class of 2019 senior **Riley Stonesifer** was recognized by the College Board as a National Hispanic Recognition Program Scholar for scoring in the top 2.5% of Hispanic and Latinx students who took the PSAT/NMQT in our region last year. Awesome job Riley!

Mrs. Tipton

Parents your access to the **parent portal** allows you to view student attendance, class schedules, grades, and more. If you need an access code to log into illuminate please email **Mrs. Hiranaka** at: theda.hiranaka@highlineschools.org

Homecoming - ASB will be hosting a proposal competition in the spirit of our approaching Homecoming dance! To enter the competition, submit a video (or photo) of your proposal to @rahsphoenix on Instagram or to goerz12z@gmail.com by Wednesday, **October 17th**, 5:00 PM. On Thursday, October 18th, a compilation of all proposals submitted will be played in all advisories. Then, students will vote on which proposals they enjoyed the most. The top proposals will be shown to our staff who will decide the official winner of our proposal challenge!

Participate in the Dancing Do's and Do Not's Video!

This year's annual Dancing Do's and Do Not's Video is going to be filmed on October 11th, after school in the BPC. If you want to be in the video, showing what to do and what not to do at this year's dance, be sure to come by! ASB is trying to get as many people as possible. Everyone is welcome!

Students - Are you looking for a team club experience where you can possibly accumulate your **PE credit**? Consider playing lacrosse! **SW Lacrosse Titans** <http://swlacrosseclub.org/> is looking for players. There are some scholarships and gear to lend to help you get started. Please contact sophomore **Dominik Migula** at 4045852@g.highlineschools.org if you are interested!

Posters: Our walls are a mess! Please limit your club, activity and event posters to the bulletin boards provided around the school. Taping posters to walls, doors and windows looks sloppy, leaves tape residue, and damages painted surfaces. Help keep our school beautiful by keeping your posters where they belong, and by taking them down after your event or meeting has passed. Remember that teachers have priority for the bulletin boards outside their classrooms. Thank you! – **Mr. Savishinsky**

All Students – We will have **very special dignitaries and guests** on campus this Friday, October 5, for the annual **Pathfinders Luncheon**. Two asks – first, please dress in **business casual on Friday** (this is one of those special days mentioned in our dress standards!). Please **NO JEANS on October 5**. And second, the luncheon will be held in the BPC at the same time as our school lunch. We are asking you all to please respect the speakers in the BPC by eating your own lunch quietly in the cafeteria. The Pathfinders committee greatly appreciates it!

All Students - RAHS has very generously been allocated several hundred tickets to a premier showing of **First Man**, starring Ryan Gosling – the incredible story of Neil Armstrong! The showing is either October 10, or October 11, 7:00 p.m. at the Southcenter AMC. In order to attend, please see Mr. Savishinsky or Mrs. Tipton who can sign you up and print your pass. Each student can get up to two tickets.

All Parents and Students – Important Announcements for the PSAT Exam - All 9th – 11th grade students will be taking the PSAT on **Wednesday, October 10**, starting at 9:00 a.m. 9th – 11th grade students will report to their advisory for testing. All 12th grade students will have a late arrival. Seniors do not need to arrive on campus October 10 until 1:00 p.m. for lunch, or 1:30 p.m. if you have eaten lunch. **Seniors, if you ride a bus and need transportation for late arrival, please see Mrs. Hiranaka ASAP.** All students (including seniors) will return to advisory after lunch, from 1:45 – 3:30 p.m. for additional activities.

9th – 11th Parents and Students - PSAT Prep Live starts September 29 - Students can get free, live online prep for the PSAT from Kaplan experts the weekends of September 29 and October 6. Even if your student can't attend, all enrollees get access to the live recordings through email. [Sign up here](#) Remember, all 9th – 11th grade students will be taking the PSAT on **Wednesday, October 10 at RAHS.**

Announcements Continued

Happy October! Have you started planning your Halloween costume yet? Please remember that for safety and security reasons, district policy does not allow masks or full-cover face paint on campus. Thank you for respecting this policy and the safety of your peers at our school.

You may buy tickets at the door for full price only.

Homecoming will be held at The Cove at Normandy Park

Attention all Students - Do you have a special community service project you are participating in? Are you making a difference by volunteering? The Prudential Spirit of Community Awards might be for you! You could win \$1,000 and a trip to Washington DC. Applications and information is now available at spirit.prudential.com or nassp.org/spirit – or – you can see Mrs. Tipton for information. The deadline is **November 6**.

We invite you to join **Phoenix Force Robotics**, Raisbeck Aviation High School's Robotics Team!! Come learn more about the excitement of sport and the rigors of science, where students build and learn to program robots to perform challenging tasks against a field of competitors in the **FIRST Robotics Program**. Students can also create business plans, work with media and learn marketing skills. **Feel free to attend our meetings on Tuesdays and Thursdays from (5:00pm to 7:00pm) in Room 1610.**

Are you getting **PE credit through** an independent activity and a PE Equivalency Contract (the purple form?) Make sure your activity meets district and state requirements for credit. If you or your advisor have any questions about independent PE contracts, please see **Mr. Savishinsky** before you start your activity – let's make sure your contract gets approved!

Students! Are you interested in spaceflight? The RAHS Space Launch Team and the RAHS Space Settlement Design Team are looking for new members! The **RAHS Space Launch Team** already has one successful sub-orbital payload and has built a component for the University of Washington's CubeSat program. We're currently developing our 2nd suborbital payload. We're looking for students want to learn aerospace engineering by actually putting something in space!

The second **Black Student Union, BSU**, meeting will be this Wednesday, October 3, in Ms. Marshalla's room during lunch.

Do you need homework help? Phoenix Scholar Society will meet every day during lunch in Mr. Gudor's room. Come get some extra support during lunch time.

The Space Settlement Design Team is looking for new team members who want to combine their imagination and their passion for space! Our team participates in an international competition to design small towns in space and on planetary surfaces. We meet regularly to research aerospace engineering technology and write a settlement design proposal for the international competition. The team qualified for the International Competition at Kennedy Space Center this summer and came in first!

Attention Junior and Senior Students Who Drive - Please make sure you have placed your parking permit in the upper left window of your car. We will be checking passes starting this week. If you have not purchased a permit, you may not park in the school or museum parking lot. Please be good citizens and ethical young adults...only park if you have purchased a permit.

Staff and students, **DO NOT** let **anyone** in the south doors of the lobby. Museum patrons have been found in our lobby and are not seen coming into the building. Students and staff may **EXIT ONLY** through these doors. **Thank you for keeping our building safe and be considerate of other students.**

Student Storage: Please place your items on the shelves in a way to maximize shelf space leaving room for other students. If your item does not fit on the shelf place it on the floor in a way that does NOT block a path to the shelves.

The **ASB Spirit Shack** is open every Friday during lunch in the lunchroom! Buy shirts, crewnecks, hoodies, and other RAHS-themed apparel to show off your Phoenix Pride!

The Highline Performing Arts Center will be selecting approximately eight to ten high school students to participate in stage crew training. If the student successfully completes all phases of the training program, they will be hired to work various events at the Highline Performing Arts Center. Stage crew works backstage for all PAC events. They do exactly what the stage crew at The Paramount, 5th Avenue Theatre and McCaw Hall do but in a smaller capacity. Stage Crew members are an essential part of every show. For more information see Mrs. Olsen or Mrs. Tranholt.

Western Aerospace Scholars (WAS) is an online distance learning course and summer experience specifically designed for high school sophomores and juniors interested in science, technology, engineering and math (STEM) fields. The online curriculum is a University of Washington college course focused on NASA's space exploration program as well as topics in earth and space science. If they successfully complete the online curriculum, students are invited to participate in multi-day summer experiences that provide them to the opportunity to work with STEM professionals, NASA scientists, university students and STEM educators. The summer experiences provide students the opportunity to have fun while learning about the universe in which we live, meeting other students with similar interests, and challenging themselves to plan realistic future space missions. Being a graduate of the WAS program puts scholars in an alumni network of over 1400 students who are at top colleges and military academies across the country and who work at STEM companies, including Boeing, SpaceX, Facebook and Aerojet Rocketdyne. WAS alumni frequently report that their experience in WAS built their confidence, interpersonal skills, and prepared them for success in college.

Junior Program Application Available Now: Students apply the fall of their junior year with the program beginning November 1st and ending in early April. There is no cost for students to participate in Phase One of the program and students can apply for tuition assistance to cover the cost of the University of Washington credit (\$225) and the Summer Residency tuition (\$975). Last year, over 40% of students received some form of tuition assistance.

Sophomore Program: The sophomore level program serves as an introduction to the junior course. It is an online course containing the first two lessons of the junior program that takes place in the spring of sophomore year. Students who successfully complete the online coursework are invited to participate in a three-day summer experience and are granted automatic admission into the junior program. There is no cost for students to participate in the program. Applications for the 2019 sophomore program will be available online in **December 2018**. The online programming will occur in March 2019 and the summer experiences will occur in June/July/August 2019.
